## Sundolitt Ltd. Environmental Policy

Sundolitt Ltd. is involved in the production and supply of polystyrene packaging materials to food industry and the manufacture and supply of polystyrene products for thermal insulation to the building and civil engineering markets. Sundolitt Ltd. recognises that its activities and operations have an impact on the environment and is committed to conserving natural resources, operating in a manner sensitive to the environment and complying with all relevant legislation. These activities have an impact in the key areas of:

- Energy use;
- Generation of waste materials.
- Emissions to Air (Delivery of product road transport)
- Product Lifecycle

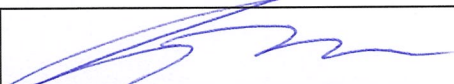

In particular, Sundolitt Ltd. is committed to:

- Protection of the Environment including prevention of pollution
- Minimising waste products from all processes;
- Maximising the efficient use of energy;
- Reducing the impact of transport;
- Accessing the most technically accurate advice that promotes current best environmental practice;
- Preventing pollution wherever possible;
- Complying with all relevant environmental legislation, applicable consents and codes of practice to which the company subscribes;
- Continual improvement in environmental performance.
- Assisting the customer in the product life cycle

Sundolitt Ltd. will achieve these commitments by:

- Working towards establishing an environmental management system to the requirements of the International Standard ISO 14001:2015
- Setting and reviewing progress towards environmental objectives and targets and management programmes to ensure continual improvement of our Environmental Management System
- Providing environmental training for all employees to understand the company's environmental policies, objectives and programmes and their role within them;
- Including environmental considerations in our Procurement Procedure;
- Ensuring the company understands and complies with the requirements of all environmental legislation, guidelines and codes of practice applicable to the organisation;
- Working with suppliers and contractors to encourage the adoption of environmentally responsible practices.
- Ensuring 100% of all EPS recyclable product is used in the production process
- Assisting the customer in the recycling of any EPS waste products produced

Responsibility for Sundolitt Ltd. Environmental Policy lies with the General Manager.  
This policy is publicly available on request to all interested parties.
